

Application of: Gary L. Cantrell
Appl. No. 10/798,486
Amendment dated July 2, 2004

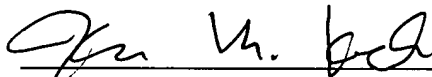

REMARKS

Applicant has amended the specification to clear up any potential ambiguity with the claim of priority of prior patent applications and to ensure that the patent application filing receipt accurately reflects the entitled priority claim. The purpose of this Amendment is to clarify that it is International Application No. PCT/US99/23685 that claims benefit of U.S. Provisional Patent Application No. 60/103,860. No new matter has been added.

In view of the above, it is respectfully believed that all the presently submitted claims are allowable and a Formal Notice of Allowance is courteously solicited. It is believed that the application is in condition for allowance, however, if the Examiner feels otherwise, a telephone interview with the undersigned Applicants' attorney is respectfully requested. An early notice of allowance is solicited.

Respectfully submitted,
